

Your Food. Our Future.

The Queensland Government has introduced new laws putting more restrictions on how farmers manage their land. That means:

- It will be **harder to produce** more food for a growing population
- New agricultural development opportunities will be **shut down**
- Worse not better **environmental outcomes**

We need your help.

Tell the QLD Premier
and your local State
Government MP to
STOP making it
harder for farmers
to grow our food.

We're all in
this together.

Visit farmers.org.au/veglaaws and
