

# Virtual Rally

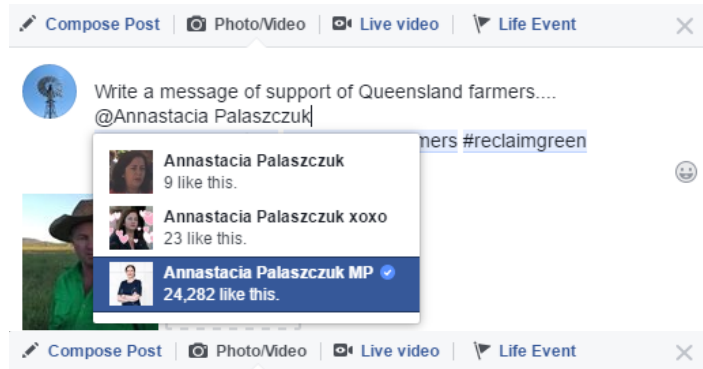

## Step-by-step guide

Can't make it to Brisbane? Join the virtual rally by sharing a photo on social media using the hashtags #YourFoodOurFuture and #FairLaws4Farmers on Tuesday (May 1st) morning between 8 and 10am. Tell your story from wherever you are; On your horse, tractor, in the paddock and wear a green shirt to symbolise that farmers are the true environmentalists.

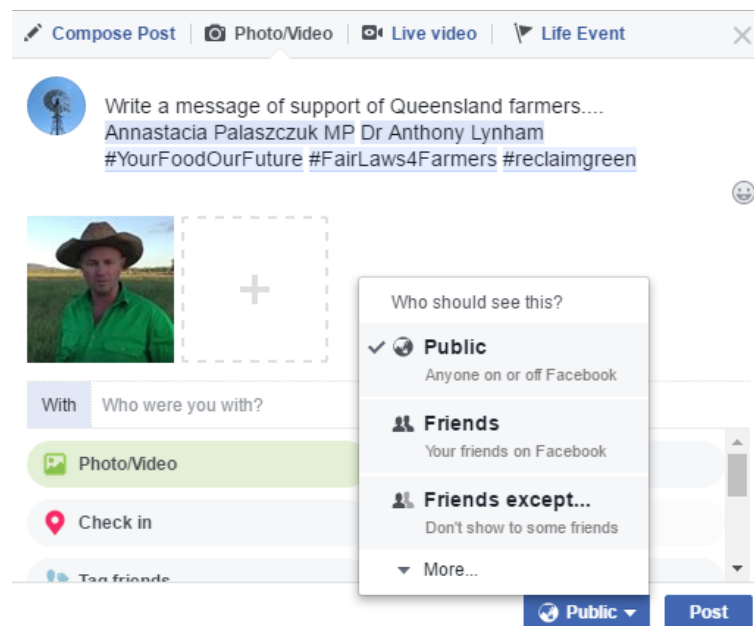

**Step 1: Upload your photo/video** of yourself/ your family in a green shirt to your Facebook profile with a message of support for QLD farmers and why they are the true environmentalists. Make sure you include the hashtags #YourFoodOurFuture #FairLaws4Farmers you can use #reclaimgreen or other ones if you wish.

**Step 2: Tag the Premier, Ministers and local Labor MPs in your post.** This is done by typing in the @ symbol and then writing their name until you see their official page come up. You do not need to have liked their page for this option to come up. Please note this function will not work if you simply copy and paste their tag into the post. Click [HERE](#) for a list of MPs and their Facebook tags. You will know the tag has worked when their name comes up blue in the post. You can tag AgForce and your local AgForce page using the same method if you wish for those pages to share your post.

**Step 3: Make your post public** so that the Premier and others outside of your network can see it.

On your phone this can be done underneath your name.
